1ST HYPERREALISM VIDEO COURSE

Led by the master **LUIGI PELLANDA**

The complete course is divided into three videos and includes four lessons.

You will perform, together with the master Luigi Pellanda, an oil painting on canvas.

This video course is so detailed that you can quickly become skilled in oil painting, even if it's your first time.

During the execution, besides the written description, the color tones and the type of brush recommended will also appear on the video. With this video course you can improve your technique, or, if you have never painted, you will learn to juggle with this fascinating pictorial genre. You will be accompanied step by step throughout the execution of this painting. You can watch the videos as many times as you want and you will find them online at your disposal for 6 months from the date of payment of the lessons: that's more than enough time to perform this pictorial work (about 3 hours for Lesson 1, about 3 hours for Lesson 2, about 3 hours for Lesson 3 and about 2 hours for Lesson 4).

- The course is streamed.
- The lessons will be available online for an unlimited number of times, for the duration of 6 months from the date of purchase.
- After making the payment, you will receive an email with the credentials for viewing the lessons and the list of materials that you will need for the good realization of your painting.
- **Note:** The price of the video course does **not** include materials such as brushes, colors and canvas.

COMPLETE COURSE PRICE: € 69,00

FREQUENTLY ASKED QUESTIONS

- **How do I receive the video course?**
After the bank's notification of the payment, you will receive an email with links and passwords to view the lessons and the list of materials you will need to create your hyperrealist painting.
 - **Do I need an internet connection to watch the video course?**
Yes, you always have to have an internet connection to watch the videos.
 - **What time, on what days and for how long can I watch the video course?**
You can watch the video course at any time and as many times as you want, for six months from payment.
 - **Can I download the video course and watch it offline at another time?**
No, the course cannot be downloaded to any device.
 - **Can I watch the video from my smartphone and also from my computer?**
Yes, you can watch and follow the lessons from your different devices: smartphone, tablet, pc, smart tv, etc.
 - **When I finish my painting, can I lend the video course to a friend?**
No. Viewing the video course is strictly for personal use. Failure to comply with this rule results in an offence on the part of the perpetrator and failure to comply with these terms will lead to the automatic termination of the service without any notice. In addition, it will affect the offender's participation in the new courses..
 - **Will I be able to perform a painting of high quality right away?**
The quality of your painting will depend on your aptitude for painting, your experience and your commitment. In my experience of 15 years of courses and workshops, I have seen beginners pass navigated painters in a few courses. Your improvement, however, will be a certainty: starting immediately with the right materials (colors, solvents and brushes) that I will give you will certainly have an extra gear to achieve a good result.
 - **Can I use the colors I have, even if they are not of good quality?**
The list of colors that I recommend (visible after the payment of lessons) includes those that I use daily in my work. This doesn't mean that you don't have the same good colors, but I suggest you work with the same ones I use in the video. A wrong or bad color may not have a good yield, as well as making your experience unpleasant and unsatisfactory.
 - **The painting I did didn't come off well: can I do it again?**
Yes. You can redo it on the already executed painting, but only after complete drying. Alternatively, you can start over on another canvas.
