

DG559 Bluetooth® mesh / 0-10V Converter

Technology Partner **SILVAIR**

- Bluetooth® mesh standard / 0-10V Converter
- Input Range: 90-264V AC
- Input interface wire diameter 15-30 AWG (0.05-1.65 mm²)
- Control Interface wire diameter 14-30 AWG (0.05-2.08 mm²)
- 0-10V analog output signal
- Control through iOS Silvair App
- UL qualified PCB
- Protection grade: IP20
- Standard dimension 40x80x24.45 mm
- Dimension with accessories 40x100x24.45 mm
- No earthing

The protection against accidental contacts is granted by the case
All connections must be made by specialized people with the device disconnected by the mains voltage.
